Available at the CIA Library is a photostatic copy of a tabulation containing data on the cash assets (Umlaufmittel) available to the industries and nationalized enterprises controlled by the East German Ministries for the Heavy Industry and Machine Construction, covering the period from 1 to 31 January 1953.[1]

50X1

1. [ ] Comment: Reference is made to the study by K.A. Fedoseyev on Cash Assets of Industrial Enterprises, published in Moscow in 1949 (German translation published in Berlin in 1952); and booklet No. 29 of the "Schriftenreihe Deutsche Finanzwirtschaft" (series of publications on German financial policies) entitled "Die Finanzplanung 1954 in der zentralverwalteten volkseigenen Industrie" (1954 financial planning of the centrally controlled nationalized industry), published in Berlin in 1953. The authors of the latter publication were Dr. Rolf Messbauer and Ernst Oefler, members of the Institut fuer Rechnungswesen der volkseigenen Wirtschaft" (Institute for Methods of Accounting of the Nationalized Economy), probably located at 27 Hoenower-Strasse, Berlin-Kaulsdorf. The tabulation is believed to be valuable inasmuch as it contains data on the [illegible] of current assets available to [illegible] industrial enterprises and factories controlled by the Ministries of Heavy Industry and Machine Construction.

Attachment available at the CIA Library (1 tabulation in German, 1 sheet)
